PAY AS YOU GO

Modules to be paid one week before attendance. Supervisions and group meetings will be invoiced after attendance and are payable within 8 days.

Fees are revised annually and increase will be applied if the trainee has not progressed with the training requirements between Modules for 8 months. To progress after a delay of 8 months between modules, the trainee has to repeat the last module they attended at 50% of the current fees and subsequently pay the revised fees.

Note that you can only attend Module 2 and Module 3 if you have completed the practical work and supervisions required after the previous module. If a trainee stays in communication with the trainers throughout and advances at a slow but consistent pace, trainers might allow the trainee to attend the next module although the practice part of the previous module is not yet 100% done. Decision about this is up to the trainers alone.

HYBRID TRAINING FOR TRAINEES LIVING IN KwaZulu Natal

It is possible to attend the Modules online and join into monthly in person group meetings (in Winston Park, near Hillcrest 3610) or have in person supervision with Su instead of online. If possible, Su will attend/supervise group leading session(s) in person after Module 3

It is also possible to attend Su's in person Module 1 and continue the training online.

The fee structure and overall requirements stay the same but Hybrid Trainees may choose to pay a set monthly fee:

1. Prepayment of Module 1 - 3900 R
2. The remaining fees divided by 12 months - R 1900 per month
3. Attendance on a monthly in person workshop counts toward having attended two of the bi-monthly online group session
